D. EXHIBITOR'S RESPONSIBILITIES: FOREIGN SUBSTANCE

1. **It is the exhibitor's responsibility to submit a market animal intended for human consumption with 1) residue tolerances within guidelines established by USDA/FDA and 2) be free of any substance not approved of by the USDA/FDA. Exhibitors and their families should exercise special care when administering any products to or on their animals. DO NOT USE over the counter products made for human consumption or use.** Use only products labeled as acceptable for species-specific market animal use. Other products may produce a residue in the meat and render the carcass unacceptable by the USDA/FDA. NAJLA reserves the right to require the exhibitor to submit the appropriate documentation proving that the animal is residue free or pay for the required testing.

2. **The exhibitor and/or immediate family must notify the Weigh Master of ANY substance which was administered to the animal prior to arrival at the Coconino County Fair and which has not met the required withdrawal period for that substance.** These include, but are not limited to: growth stimulants, drugs/medication, and/or feed/water additives (i.e. antibiotics, wormers). Notification must be made in writing prior to check-in/weigh-in/penning of animal at the Coconino County Fair. The Superintendent will notify the President of NAJLA of the declaration.

3. **If it is necessary to administer any USDA/FDA approved species-specific market animal drug/medication, during the time market livestock projects are housed at the Coconino County Fair, NAJLA must be notified in writing prior to any administrations.** If situations warrant, such as medical emergency, that a NAJLA Executive Board member cannot be notified prior to administration of drug/medication, or feed/water additive, the exhibitor and/or his/her immediate family must notify the NAJLA within ten (10) hours of administration of drug/medication, or feed/water additive except in cases

immediately prior to the auction, when notification *must take place prior to the animal entering the sale ring*. Exhibitor will notify the Executive Board of NAJLA of the declaration.

4. If any animal is being treated with USDA/FDA approved species specific market animal drug/medication and a delayed market date is needed to ensure a residue free carcass, it is the exhibitor's responsibility to ensure that appropriate announcement of the *delayed market requirement* is submitted in writing with the prescribed requirement to NAJLA prior to entering the sale ring. The exhibitor will then be responsible for maintaining the animal until it is residue free and then delivering the animal to the designated location (packer, buyer etc.) Grand and Reserve Grand Champion animals requiring a delayed slaughter date will be treated on an individual basis with special handling as required.
5. Sale money will be withheld until tests are complete.
6. *Exhibit Sale Disposition:* If it is proven that an animal has received or tests report the positive presence of drugs/medication, or feed/water additive(s) not approved by the USDA, FDA, or above the USDA guideline residue levels and/or not in compliance with the USDA Wholesome Meat Act, in any test or procedure, that animal will be disqualified and the exhibitor declared ineligible to receive sale proceeds or packer monies (if applicable). The carcass of a disqualified animal will be disposed of per instructions from USDA or FDA or the State of Arizona. The Buyer will be given the option to void the purchase or accept a replacement carcass of equal value. However, in either event the exhibitor **will not** receive any of the proceeds. If any entry is disqualified because of USDA Wholesome Meat act, all disqualifications can be applied.
7. If substances or residues, including drugs/medications, or feed/water additives, as defined above, are found in the tissue of the carcasses of animals entered/sold through the NAJLA sale, NAJLA will in no way be held liable or responsible for condition of carcass or sale price of animal. Further, the exhibitor and his/her family will indemnify and hold harmless NAJLA and all of its sponsors and assisting organizations, their employees and agents, against all legal or other proceedings in connection with said drug testing. The exhibitor and his/her family will indemnify and hold harmless the show and its sponsors and assisting organizations against all claims for injury to any person or property caused by any animal and/or its meat.
8. If the exhibitor's animal is condemned for anything other than illegal drug use, the Buyer has the option to refuse the product and void the purchase or accept a replacement carcass of

equal value at the exhibitor's expense. If buyer voids the sale and refuses a replacement carcass, the exhibitor receives no compensation and may be liable for costs incurred.

E. EXHIBITOR'S PENALTIES:

If animals intended for human consumption are found with 1) residue tolerances **not** within guidelines established by USDA/FDA, 2) substances not approved of by the USDA/FDA and/or 3) if the substance is approved and the exhibitor fails to meet the requirements of withdrawal times and/or 4) fails to declare any medication and/or feed/water additives that have not met USDA/FDA withdrawal times at check in:

1. Exhibitor will be barred from consigning any/all animals to the NAJLA Livestock sales.
2. Exhibitor will forfeit all auction sale money associated with the contaminated animal and be subject to all disposal charges.
3. Anyone caught tampering per the above substance abuse violation with their own or another animal will be prohibited from the sale.
4. A written request for an appeal of the ban from the sale can be submitted to NAJLA.

II. EXHIBITOR INCIDENT AND GRIEVANCE

The NAJLA Grievance Committee will only accept grievances that relate to procedures, rules and incident's that are under the management of the Northern Arizona Jr. Livestock Association. Grievances will be adjudicated by the NAJLA Grievance Committee whose decision is final, and their decision will be made known to all parties involved within three hours of receipt of the Exhibitor Grievance Form. The NAJLA Grievance Committee will read the grievance as presented by the exhibitor. NAJLA reserves the right to discuss the grievance with anyone they deem necessary in resolving the grievance, including, but not limited to all parties named in the grievance. You will receive a copy of the form, and a copy of the written decision. 2017 Grievance Committee Chair is, Sandy Engelke.
